L'EAU NO.8

The evolving Chapter of L'EAU merges the sinuous flowing lines of late 19th-century Art Nouveau with the bold spirit of Art Deco. It combines soft femininity with strong shapes in a new juxtaposition. It stands as a testament to the act of creation - that channels historical inspiration with forward optimism.

L'EAU NO.8

Available for wall or ceiling mount. A matte finished globe is nestled in a curvilinear form, with rims flowing into subtle motifs on each side. Its gentle sweeping lines and its voluminous rings gently frame the diffused light source.
