TECHNICAL SPECIFICATIONS

HERBII

Francis No.1

The Francis Collection draws inspiration from the simplicity of Jean-Michel Frank's parchment partition and the artistry of Eileen Gray's hand-lacquered folding screens. It resonates with the broader Modernist movement, subtly intertwining influences from Japonisme and Orientalism.

Every piece is crafted with meticulous attention, evoking an heirloom quality through its restrained elegance. The rich tones of cream and tobacco brown glass bring depth to the delicate forms, creating a harmonious interplay of light and volume. With its understated design, the Francis Collection appeals to those who appreciate refined beauty and quiet sophistication.
