HENRI

L'eau No. 4

L'eau No.4 Large is the largest of the two available sizes, defined by its elongated silhouette and sculptural reliefs along each side. The angular form and expressive detailing create a quiet tension — an interplay of structure, scale, and restraint that continues the language of the L'EAU collection.

The evolving Chapter of L'EAU merges the sinuous flowing lines of late 19th-century Art Nouveau with the bold spirit of Art Deco. It combines soft femininity with strong shapes in a new juxtaposition. It stands as a testament to the act of creation - that channels historical inspiration with forward optimism.
