## *L'eau No. 4*

L'eau No.4 Small, presents an elongated, angular form accented by gestural reliefs on each side. Composed of thick slabs of ceramic stoneware, the piece retains the imprint of its making — each one distinct in profile and character. The glazed surface reveals subtle tonal shifts, emphasizing the dialogue between contour and texture.

The evolving Chapter of L'EAU merges the sinuous flowing lines of late 19th-century Art Nouveau with the bold spirit of Art Deco. It combines soft femininity with strong shapes in a new juxtaposition. It stands as a testament to the act of creation - that channels historical inspiration with forward optimism.
