CERAMIC STONEWARE

Sculpted to embody our intention of creating a beautiful, simple object that cradles light, it diffuses an upward glow, subtly revealing a discreet elegance. Inspired by early 20th-century Japanese lacquer master Seizo Sugawara, who imparted his techniques to designers such as Eileen Gray and Jean Dunand, this piece gracefully translates his influence into glaze, bringing together the spirit of old craft and Modernism.

DETAILS

Materials	Hand-form Stoneware
