SIMONE No. 1

Inspired by early 20th-century Japanese lacquer master Seizo Sugawara, who imparted his techniques to designers such as Eileen Gray and Jean Dunand, this piece gracefully translates his influence into glaze, bringing together the spirit of old craft and Modernism.

SIMONE No.1

The Simone No.1 upward ambient sconce in black-glazed ceramic features a rounded, gently contoured form that narrows into a soft, refined lip. Sculpted to embody our intention of creating a beautiful object that cradles light, this piece captures a discreet elegance.
