L'eau No.1

L'EAU No.1 is a directional wall sconce, available in two sizes. A voluminous bowl is cradled by a gestural backplate, elegantly anchoring the design. Its bulbous form diffuses a generous fill of light. Hand-formed ceramic stoneware, each piece is unique.

The evolving Chapter of L'EAU merges the sinuous flowing lines of late 19th-century Art Nouveau with the bold spirit of Art Deco. It combines soft femininity with strong shapes in a new juxtaposition. It stands as a testament to the act of creation - that channels historical inspiration with forward optimism.
